Question 9: Do you consider the disclosures for volunteers to be proportionate?

No

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

Question 11: Do you consider the disclosures for reserves are proportionate?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

much an area of confusion in my experience , especially aspects as 'cash backed' free reserves been used is TAR's which often cant be easily appreciated /worked out by non finance readers

Question 12: Do you consider the requirement for tier 1 charities to provide a summary of their plans for the future is proportionate?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

absolutely a fund raising must in my opinion and experience , particularly where potential and existing funders are wanting to justify their own charities/organisation matching flavour of the day purpose with what the charity is sets its plans/strategic purpose on

Can be a moving target depending until finally received !

Question 24: Do you have any other comments on module 5?

No Response

Question 25: Do you find the module easy to navigate as drafted?

No

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

Nearly all leases I have come across for tier 1 are exemptions being short and low value . The idea of introducing PV values is ridiculous for small charities as the prime focus is on 'service provision' rather than balance sheet net worth !!

Question 26: Does the module explain the relevant requirements of FRS 102 in a clear and understandable way? Please select all options that apply.

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

It explains it Ok but it shouldn't be necessary and relevant for tier 1s and probably many tier 2 , and possibly no charity at all !!

Question 27: Does the section (paragraphs 10B.68 to 10B.84) on arrangements that are significantly below market value provide clarity on how to account for such arrangements?

No

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

I don't think it can be done, it's a bit like trying to evaluate gifts in kind to subjective and probably best to include in trustees report sections

Question 28: Are the additional disclosure requirements set out in paragraphs 10B.95 and 10B.129 reasonable for charities with such arrangements?

No

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

not sure that readers have any real interest Again trying to fit in with FRS 102 ideals , its not important or indeed relevant particularly for tier 1's

Question 29 - please provide any other comments you have on module 10B:

Just overly and unnecessarily complicated for small charities

Question 30: Do you agree with the proposal in the Exposure Draft SORP that only tier 1 and tier 2 charities, that do not meet the small entity threshold, and all tier 3 charities are required to prepare a statement of cash flows?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

again a distraction and mis use of small charities finance staff resources of personal and or buying in expertise Only provide when asked for by funders, and not sure that is of much use to them as well Service provision and not net worth is the GOAL !

Question 31: Do you have any other comments on module 14?

No Response

Question 32: Do you agree that the additional disclosures are helpful?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

Sounds reasonable

Question 33: Do you agree that the additional disclosures are proportionate?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

No Response

Question 34: Do you have any other comments on module 20?

No Response

Question 35: Do you agree with the new approach to using the generic term 'social investments' instead of referring to 'programme related' and 'mixed motive' investments?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

Easy to get too mathematical about to the total confusion of the charitable sector personnel

Question 36: Do you agree that the simplification of how gains and losses on social investments are reported is beneficial?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

No Response

No opinion

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

No Response

Question 38: Do you think there is a need for further guidance on the treatment of comparative figures and disclosures in this area?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

probably

Question 39: Do you have any other comments on module 21?

No Response

Question 40: Do you agree that the drafting, structure and proposals in the Exposure Draft SORP support the needs of smaller charities whilst addressing the needs of users of charity reports and accounts?

Yes

Please provide any reasons for your answer here, if you wish to do so: (250 word limit applies)

I think we doing our best, but it seems we are trying to attach ourselves too tightly to more recent general accounting ideals for businesses as a whole and therefore get overly complicated trying to hang on to their coat tails , which defeats resource efficiency aspirations of the sector . This is especially the case for small tier 1s and tier 2s

Question 41: Do you agree with the SORP-making body's decision to continue to disallow the application of Section 1A?

Yes

Please provide reasons for your answer or suggestions on how you think Section 1A could be applied differently: (250 word limit applies)

I think the emphasis on disclosures in the trustees annual report within this sorp is to be welcomed
Extra complicated accounting for leases etc is something that is almost irrelevant for the sector as service provision and delivery is its goal not tinkering with the accuracy of its net worth !

Question 42: Do you have any other comments on the Exposure Draft SORP?

Keep going, its a hard act , square peg round hole comes to mind !
